

What do you look for in a propane supplier? Dependability? Safe delivery? A commitment to service? Competitive pricing? Guttman Oil has been demonstrating those attributes to its many commercial, agricultural and residential customers for more than 25 years.

PROPANE DELIVERY & MANAGEMENT SERVICES

GUTTMAN OIL COMPANY PROPANE SERVICES AND PRICING PROGRAMS SAVE TIME AND MONEY:

- **Propane Tank Loans and Sales:** We loan quality aboveground propane tanks, all manufactured to American Society of Mechanical Engineers (ASME) standards. We also sell underground and aboveground propane tanks in multiple sizes.
- **Custom Installations:** Our experienced and certified technicians will perform a detailed site survey at your home or business and design the installation for safe and efficient operation. Once you approve the plan, we will coordinate all aspects of the installation for you.
- **Automatic Delivery Program:** Based on your usage history and temperature, we will proactively schedule deliveries to help ensure that you never run out of propane.

- **Pre-Purchase Special:** Control your winter heating costs. Prepurchase all or a part of your winter season propane needs in the summer months when prices are historically lower. You need not worry about the storage capacity of your tank. We will deliver your pre-purchased propane through our Automatic Delivery Program throughout the winter.
- **Summer Fill Specials:** A customer favorite, this program allows you to take advantage of historically lower summer prices and fill your tank in anticipation of future needs.
- **Budget Program:** Customers with approved credit can eliminate the variability of their propane expenses by signing up for our optional budget program. This program allows you to make monthly payments based on your previous or estimated annual propane usage.
